Engineering FUNDamentals with LEGO

Do you like to build things? Design and build motorized machines, catapults, pyramids, demolition derby cars, truss bridges, buildings and more. Explore concepts in physics, mechanical engineering, structural engineering and architecture, while playing with your favorite creations. This is a hands-on and minds-on class suitable for LEGO Technic novices to maniacs. Returning students are given new projects that build on previous projects and concepts.

Day Camps - Sports & Fitness Great Play

Our goal is for every child to develop a love of physical activity that will lead to an active, healthy and confident life. Our patent-pending Interactive Arena makes every visit to Great Play a unique and exciting experience. It's like being immersed in a giant video game (but this one promotes physical activity!). There are two to three coaches in every camp with at 5:1 ratio. Camps are 3 days long for 3 hours each day with a snack break. Drop-off only (no parents/caregivers on the floor with the players for these sessions).

Great Play Athletic Development Camp

If your child loves to run around, be silly and take imaginary adventures to the jungle, outer space, and more, then our camps are perfect for them. Through games and instruction, campers develop fundamental motor and introductory sport skills, coordination and agility. Activities includes tumbling, balancing, climbing, rhythm, obstacle courses, swinging a bat, kicking a ball, throwing, shooting, dribbling and much more. Ultimately, campers build a strong foundation with the confidence and skills to be physically and athletically successful. There are 2 to 3 coaches in every camp with at 5:1 ratio. Please pack a nut-free snack for your child. Campers must be potty trained. Drop-off only (no parents/caregivers on the floor with the players for these sessions).

Orange Blossom Society

First Snowfall Mural NEW!

In this camp we will look at the artwork of Grandma Moses and create our own winter mural. We will discuss favorite winter activities and learn how to draw ourselves doing those activities! Camp will encourage positive social engagement as well as foster individual practice. If there is snow we will explore it first-hand! Dress for weather and bring a nut-free snack.

Storyland Toy Animation NEW!

Children will bring their favorite toys to camp! We will then work through photography to develop a story for our toy and build sets for backgrounds out of recycled materials. The finished result will be a short story. Photos and stories will be emailed to campers within a few days of camp. For inspiration we will read the story of the Velveteen Rabbit.
